# *Space Flight Awareness*

*We Have Friends In High Places*

It's not about posters, pins and patches.  
It's not about prizes . . .

What's it about?

It's about safety . . .

It's about YOU . . .

It's about FRIENDS . . .

It's about the lives they trust in your hands

# *We Have Friends In High Places*

Your job is an important piece of the puzzle. Every day, everything you touch, touches their lives somehow. Never forget the unique position you are in and the impact you have on so many lives. Every one of us holds the key to safety.

It's about YOU!
